

The Arizona Wakeboard Association wrapped up its 2005 Rider's Series on Saturday August 20th at San Tan Lakeside Community. [Century Marine](#) treated AWA riders to this superb location to conclude an awesome competitive season. The perfect water conditions were highlighted by the Centurion Avalanche and Nautique 211 that Century Marine provided to tow anxious riders.

The competitive action on the water was incredible. JenaCee Jackson made the men riders happy that she was riding in the women's division when she opened a bag of tricks worthy of placing in the advanced division. Tanner Fonseca took time off his busy soccer schedule to enjoy the pristine conditions and ride away with first place in the grom division. Joey White landed a sick kick flip on the wakeskate to nab first place. Danny Cain continued to dominate the intermediate division. Derek Borum took home his first win in the advanced division. Canyon Lake Wakeboard Club rider, Dennis Perez took home a win in his AWA debut. Jimmy Wolf dazzled spectators again and won the Outlaw division. Congratulations to all of the winners!

Arizona Wakeboard Association riders and spectators were treated to a miraculous event prior to the start of the outlaw division. Danny Dean strapped on a board for the first time and rode the entire length of the lake. If you have not heard the entire story of Danny Dean's accident and remarkable recovery,

take a couple of minutes to check out the articles (and video) on Wakeworld <http://www.wakeworld.com/news/2004/dean3.asp>. After the accident, Danny remained an irreplaceable member of the AWA family and could often be seen at the [Enemy of Evil](#) booth or on the boat with his wife, Natalie, judging the outlaw division. Watching Danny on a wakeboard for the first time in 19 months was the perfect way to end the season.
